## Experience

Narcal	Chile
Electrical technician and air installer	01/2019 - 01/2023
<ul style="list-style-type: none"><li>Company: Narcal</li><li>Specialization in installation, maintenance and repair of electrical systems and solar panels</li><li>Making safe electrical connections and installing solar panels for sustainable energy generation</li><li>Work on installation and maintenance of air conditioning systems (splits, duct splits, cassettes)</li><li>Focus on meeting security standards and being up to date on the latest technologies</li><li>Provide high quality services and improve energy efficiency in diverse environments</li></ul>	
Engie	Chile
Air conditioning maintenance technician	01/2019 - 01/2021
<ul style="list-style-type: none"><li>Experience in inspecting, cleaning and repairing HVAC equipment</li><li>Competent in diagnosing problems and executing efficient electrical and mechanical repairs.</li><li>Preventive maintenance to ensure optimal system performance</li></ul>	
DCC (Chilectra Home Section)	Chile
electrical technician	01/2017 - 01/2019
<ul style="list-style-type: none"><li>Company: DCC (Chilectra Home Section)</li><li>Professional specialized in home electrical installations, assembly of electrical panels, circuit connection, channeling with EMT PVC</li><li>Physical grounding, creation and distribution of electrical circuits</li></ul>	

## Education

Edutin academy	Chili
Installations and maintenance of electrical networks	01/2024 - 12/2024
<ul style="list-style-type: none"><li>Installations and maintenance of electrical</li><li>Electrical networks</li><li><a href="https://app.edutin.com/verify/11569564">https://app.edutin.com/verify/11569564</a></li></ul>	
Nueva Esparta High School	Venezuela
Bachelor of Science	2006

## Summary

Electrical technician and air conditioning installer with experience in installation, maintenance and repair of electrical systems, solar panels and air conditioning equipment. Expert in energy efficiency, problem solving and electrical safety. My achievements include improving energy efficiency by 30%, reducing downtime by 25% and achieving zero accidents in 5 years. I installed more than 180 solar panels. Looking for a Technician position at [fill in company name], where I can contribute my skills in electrical installations and maintenance to support their mission of [fill in company mission].

## Skills

Excel Hvac IntermediateMicrosoft Office

### Achievements

Energy efficiency	Time Reduction	Enhanced Security
I improved energy efficiency in facilities by 30%	Reduced maintenance downtime by 25%	I achieved zero accidents in 5 years
Solar Installations		
I installed more than 180 solar panels		

## Strengths

### Energy efficiency

Ability to improve performance and efficiency in energy and air conditioning systems.

### Problem resolution

Outstanding ability to efficiently identify and solve various technical and electrical problems.

### Electrical Safety

Commitment to safety standards in the handling of electrical equipment and air conditioning systems.

### Technical knowledge

Solid and updated experience in the electrical sector and air conditioning systems, applying advanced technical knowledge.
